Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Read more about Early Journal Content at http://about.jstor.org/participate-jstor/individuals/early-journal-content.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

### SMYRNA—Cholera.

Vice-Consul Magnifico reports November 21:

From November 12, when the first case of cholera was verified, to November 21 there have been 10 cases of cholera with 4 deaths.

## ZANZIBAR.

### ZANZIBAR—Smallpox.

Consul Weddell reports November 7:

From October 24 to November 6 there were reported 10 deaths from smallpox. The total number of cases reported from June 8, the date of the beginning of the outbreak, to November 6, is 197; deaths 98. The total number of vaccinations performed during that period was 25,857.

# CHOLERA, YELLOW FEVER, PLAGUE, AND SMALLPOX.

**Reports Received During Week ended December 30, 1910.**

[These tables include cases and deaths recorded in reports received by the Surgeon General, Public Health and Marine-Hospital Service, from American consuls through the Department of State and from other sources.]
